MESSAGE

I whole heartedly welcome the 'academic Organizer' Which Offers a planned academic year to the Jr.Colleges for the academic year 2017-18.'Awareness enhances one's potential', similarly 'academic organizer' imparts constructive and planned way for Intermediate Education. No great task can be achieved without meticulous planning. Academic Organizer is an aid to plan the classes and issues of Intermediate Education.

Academic organizer is a huge reservoir of information regarding intermediate education right from the process of admission to getting pass certificate. Viz; how to get admission, affiliation, equivalency, Duplicate pass certificate, examination fee payment, online conduct of various examinations like practicals, Environment education, Ethics 85 Human values. This is the era of computer technology. Computer makes the entire world open. So the TSBIE is offering online services to the intermediate students and institutions. Academic Organizer is also providing the instructions along with the shots regarding the online services. I am confident this book certainly serves the purpose of the Intermediate Education.

I congratulate the secretary, TSBIE and his team for their effort in bringing out the 'Academic Organizer' for the academic year 2017-18

K. Srihari
(Kadiyam Srihari)
